Does your company offer matched funding?

Some companies will match the funds raised by their employees for charitable purposes (such as supporting the PTA of their children's school). Does your place of work offer to 'match fund' any fundraising you do? If so, then by offering just 30 minutes of your time at an SSA event you could make a HUGE difference to the amount the SSA can raise and therefore spend on your children at school each year.

Please let us know if you have any questions or if you think you may be able to help. You can speak to your SSA class rep or put a note in the SSA postbox in Reception.
